

**Real-time data.
Powerful analysis.
Better decisions.**

Pro

iress.com/pro

Tell me how it will help me

As a trader, dealer, or analyst, you understand the importance of accurate and timely market data across multiple asset classes. You have a need for sophisticated market analysis tools and powerful charting.

Pro delivers across all areas including local and global news, company reports, company analytics (including financials), profiles, shareholding and estimates data. It also provides a range of tools to access all the information required to make important decisions.

Tell me what it actually does

Pro is a flexible, scalable and highly customisable market data interface that also integrates with Iress trading and portfolio management. It provides a suite of sophisticated market analysis tools and real-time and historical market data for institutional and private client dealing rooms, fund managers, research departments, corporations and private traders.

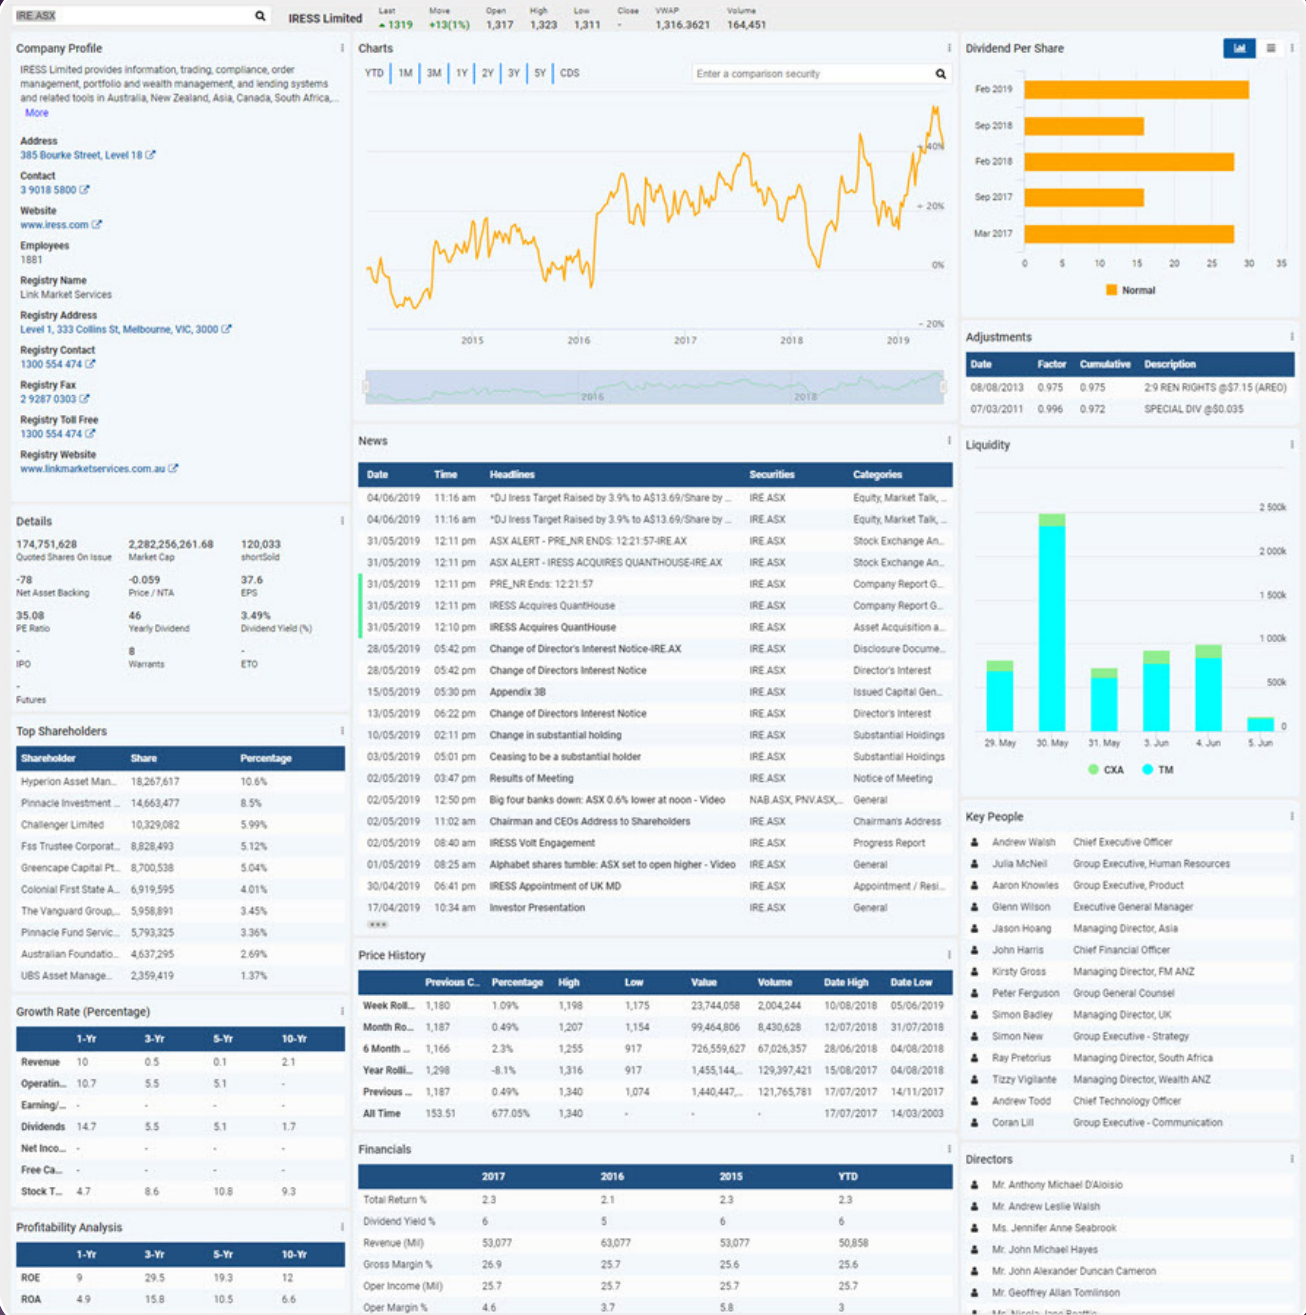

Real-time market data is processed and delivered across high-speed dedicated communication lines or via the internet. The information is presented in a logical format for easy analysis and decision making.

What about service and support?

We understand providing great service and support goes hand-in-hand with delivering great software.

We pride ourselves on our thorough and timely implementations, reliable and scalable hosting services, robust back-up and recovery procedures, and ISO/IEC certified information security management.

Our expert-led support team, training programs and online user community all help our users get the most out of our software.

How does Iress stack up as a technology partner?

Every day, more than 9,000 financial services businesses use our software to make better decisions and deliver better results. We know they don't just expect software that works, they also want a technology partner that works with them.

Leveraging our industry knowledge and global experience working with clients just like you, we design, develop and deliver creative, reliable software that does what you need it to.

At Iress, we believe technology should help people perform better every day.
