Tell me how it will help me

The Exchange is the market leading online quote and apply portal for financial intermediaries. It makes finding and applying for the right products easy, helping you find the right solutions for your clients.

Tell me what it actually does

Our web-based software gives you the ability to research, quote and compare a client's protection and retirement needs across the market.

You can review your client's protection needs easily and maximise how products are packaged together by comparing single and multi-benefit products side by side.

The Exchange speeds up applications and helps to reduce errors via seamless data transfer with pre-populated applications—all at the touch of a button.

Can you break it down for me?

Extensive market coverage

The Exchange works alongside all of the UK's major product providers and is supported by over 38,000 users. So you can have peace of mind that you are offering the best advice and have evidence to support your recommendations.

Extensive product coverage

Protection:

- Term assurance (life and critical illness)
- Income protection
- Business protection
- Whole of life/over 50s
- Multi-benefit products

Retirement and savings:

- Annuities
- Equity release
- Personal pensions
- Investment bonds

Real-time, accurate quotes

Quotes and illustrations are produced in real time*, direct from providers, so they are accurate and tailored to each of your client's specific needs and circumstances. All quote data is stored for up to 30 days and is easy to retrieve and review.

* Real-time equity release coming soon.

Multi-benefit & multi-policy quotes

Save time and increase protection sales by quoting for up to five benefits at once. The Exchange also allows comparison of single-benefit products alongside multi-benefit products, in a single view.

Reliability

The UK's longest established portal with a proven, stable service—availability at 99.95%

Integration with CRM software

The Exchange has integrations with many industry-leading CRMs, however, you can connect your own CRM via application programming interface (API) options—designed to support your organisation's needs.

Innovation

With a comprehensive development roadmap, The Exchange is continually evolving to support changing market and customer needs. Some examples include BMI options to provide partially underwritten quotes and streamlined applications with 'buy-now' products.

With support and expertise from Iress, we have integrated The Exchange into our existing CRM system and deployed Iress to our 350 advisers.”

London & Country

Automatically compares single-benefit against multiple-benefit products on a single screen.

Consumer quote plug-ins

Improve your lead generation capability and reach with a simple plugin that can display quotations on your website.

Network friendly configuration

Our onboarding team can set up preferred provider and product panels, saving you time and streamlining your processes.

Your quotes can be sourced whole of market or on a restricted panel basis, so they reflect your commission model and underwriting criteria.

Compliance and regulatory updates

Our ongoing investment in The Exchange ensures that it receives the latest compliance and regulatory updates.

Integrations with other software and services
