

Client Online Access Management Online Session

What is this session about?

This session is aimed at providing participants with knowledge and experience of configuring system settings and interface for COA in XPLAN; also looking at the setup and management of individual accesses for their clients.

Who should attend this session?

- XPLAN users who require to set up XPLAN portals for their clients.

Time

Self-paced

Learning Outcome

After completing this session, participants will be able to:

- Set up COA
- Configure the COA interface
- Enable COA for clients
- Manage COA
- Use Digital Signatures to set a document to be digitally signed by your client

How do I register for this session?

This training requires no registration. Training is available now through the [IRESS Insights Community](#) as self-paced learning (eLearning).

** registration is required to access the Community*
