

Portfolio Course description

Xplan 2021

What is this course about?

This course is aimed at providing participants with knowledge and experience of Portfolios, used to manage, report and provide recommendations on a client's portfolio within Xplan. This is achieved through expert knowledge, hands-on application, interactive exercises and real-life scenarios.

In this course you will be provided with an in-depth understanding of how the Xplan software and Portfolios module fits in the advice journey enabling users to effectively run investment reporting, create, maintain and model recommendations for a client.

Who should attend this course?

- Advisers and Paraplanners

Pre-Requisite

- Completion of the Xplan New User course
- Good knowledge of Financial Planning concepts.

Time

Half Day

Learning Outcome

After completing this course, you should be able to:

- Navigate Xplan efficiently
- Create and manage an existing portfolio
- Understand Portfolio Accounts and Corporate Actions
- Recommend and redeem investments
- Run Portfolio reports and bulk reporting
- Search Portfolio data
