

ASX Release 22 July 2022

Iress announces extension of existing on-market buy-back

Iress today announced an extension of its existing on-market buy-back program.

In July 2021, it was announced Iress would purchase up to \$100m of ordinary fully paid shares. The buy-back period ends on 28 July 2022. To date, \$70m in shares have been purchased through the program.

The buy-back period will now continue until the buy-back program is completed. Iress reserves the right to suspend or terminate the buy-back at any time.

The timing and actual number of shares purchased under the buy-back, and other matters relating to the conduct of the buy-back, will depend on the prevailing share price, market conditions, forecast future capital requirements and other considerations including any unforeseen circumstances. There can be no certainty that Iress will repurchase all of the up to \$100m of ordinary shares announced under the buy-back.

An updated Appendix 3C will follow this announcement.

Ends
